

WELCOME

Atlantic Ocean

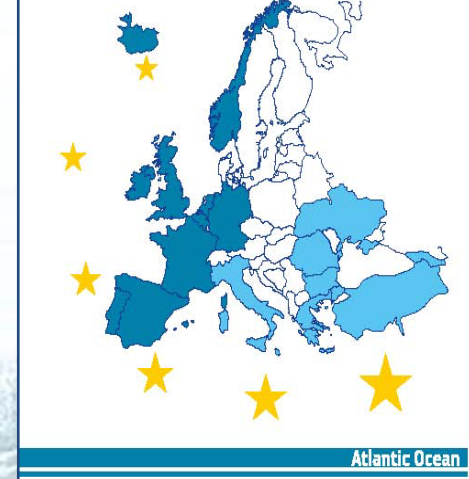

FP7 SEAS-ERA Science Consultative Workshop Ostend: 28th – 29th February 2012.

- Basic Research & New Knowledge
- Science supporting Society & Economy
- Co-operation at a Basin Scale
- Research Support & Cross-cutting Issues

Work Package 6.1

www.seas-era.eu

Guidelines (1)

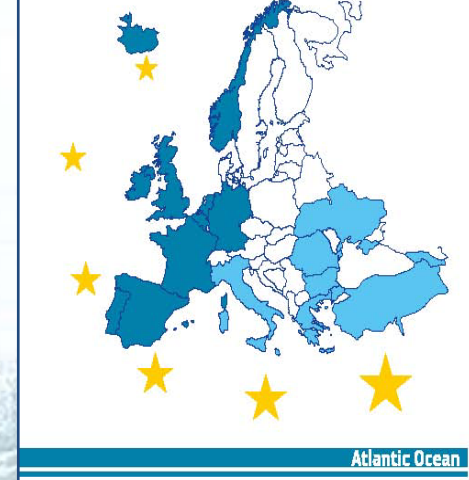

Objective of Workshop

- To comment and provide feedback on the indicative research priorities and/or enabling actions proposed in the Discussion Document:
A *draft* Marine Research Plan for the European Atlantic Sea Basin (October 2011).

Modus operandi

- 10 minute presentation (max 3 slides)** per representative invitee:
 - an overall comment of the *draft* Research Plan
 - a comment on the indicative research priorities/enabling actions relevant to their sector;
- Speakers will NOT introduce their parent organisation or its mandate – this information will be contained in the Workshop Info-Pack;
- Presentations will be followed by a broad ranging discussion on the *draft* Research Plan.
